**The Modesty of Women**  
Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription, which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of the numerous and strongest of professional endorsements of this medicine will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

### OUR LEGISLATURE.

Richmond, Va., Jan. 17.  
To the Editor of the Alexandria Gazette:

A bird's eye view of the personnel of the  
Virginia legislature reveals the fact  
that the law making body of Virginia is  
made up mostly of young, ambitious and  
enterprising men. Very few indeed are  
the old regulars whose faces have for  
many years occupied positions in the  
Senate and House chambers. One still  
conspicuous, however, is Mr. J. N. Stubbs,  
of Gloucester, who, but for a  
short interval, has been a member of  
the legislature for perhaps twenty-five  
years. He, as he sat in the First Baptist  
Church yesterday morning listening to  
Rev. Geo. W. McDaniel exhort the  
drunkard and the liquor traffic in general,  
looked as vigorous as he did twenty  
years ago, when he was a leader in the  
temperance forces of this state. Tonight  
(Monday) Rev. Mr. McDaniel will start  
the state wide prohibition ball rolling  
when he will address the Virginia legisla-  
ture at the First Baptist Church. This  
is really the entering wedge of a fight  
which will be made before the General  
Assembly, although it is claimed that  
the meeting will be non-political. From  
all that can be gleaned by the close ob-  
server, it is hardly possible that any  
movement toward state wide prohibi-  
tion will be successful, as it is gener-  
ally considered that a contest at  
this time would be unwise, but  
as the anti-liquor league meets in con-  
vention Wednesday of this week in this  
city, the leaders may be forced to act.

It is said that the present legislature  
will be one for entrenchment in the  
expenses of the state; it is also said that  
this step is necessary owing to the de-  
pleted treasury. In the contemplated re-  
duction in the ordinary expenses it is  
earnestly hoped that the appropriation for  
the Confederate soldier will remain as  
it is, if it is not increased. The legisla-  
ture at its last session appropriated  
\$52,000 for the soldiers and when one vis-  
its the home here he will become enthu-  
siastic about the old soldier. Every com-  
munist has been furnished the old  
soldier's declining year. You can see  
them strolling through the grounds, tot-  
tering with age and infirmity, representing  
every city and county in the old com-  
monwealth. Over 250 old veterans are  
safely housed from winter's snows and  
ice and summer's torrid heat. In ad-  
dition to their temporal blessings their  
spiritual welfare is being well cared for,  
as divine services are held weekly  
and semi-weekly in a hand-  
some chapel. Well may the bard  
think and write these beautiful words:

Roll old James, proudly roll.  
Down the rocky glen.  
Above the steeple the home of some  
Of Stowell Jackson's men

And others who fought under the other  
gallant leaders of the Confederate forces.  
It is to be hoped that the hearts of our  
legislators will be touched when the  
appropriation in the bill is reached and  
that instead of reducing they will in-  
crease the amount. Alexandria city  
and county is represented in the home  
in the person of Messrs. W. W. Adam  
and Aleck Harrison, who are well pleased  
with their surroundings and speak  
in highest praise of their treatment.  
The ranks are getting thinner as the  
years roll by and too much cannot be  
done for the survivors, and as they are  
taken out to the cemetery almost weekly  
and laid to rest it can be truly said:

The clasping grass unfolds the gray.  
The flowers unfold the blue.  
With equal love both fold today.  
The dead of gray and blue.

And so will it be till eternity dawns—  
the memory of the gallant Confederate  
soldier should be uppermost in the  
minds of every true southerner.

### FARMERS' MEETING.

The Farmers' Institute of Northern  
Virginia will hold a meeting in the  
Court House at Manassas, on Friday,  
January 21, for the purpose of selecting  
officers for the year.

This organization of farmers in an  
integral part of its Agricultural High  
School at Manassas, and has held a  
series of monthly meetings of farmers  
and students for over a year which  
have been largely attended by those  
who believe in the "New Agriculture."

The feature of this meeting will be a  
general round table discussion by  
members of the problems which have  
proved most perplexing during the past  
year. All are urged to send in their  
questions by mail to the secretary and  
to take part in the discussion.

Prof. Howe, of the experiment station  
at Washington, will give a talk on  
the organization of corn raising clubs  
among school boys, a line of work in  
which he has had much success.

A plan will be presented for a series  
of cooperative experiments to be carried  
out by the members under the direction  
and supervision of the directors of the  
Agriculture High School who will  
collect the results and report them at  
future meetings.

Lunch will be served at noon by the  
Domestic Science Class, under the di-  
rection of Miss Lulu D. Metz. Mem-  
bers are especially urged to bring their  
wives and sons and daughters.

H. T. BUTTON, Secretary.

A WINTER COURSE IN AGRICULTURE.  
The Manassas Agriculture High  
School will offer a new departure this

year in the shape of a short winter course  
for farmers' sons and others who have  
not time to attend the regular sessions  
of school. Tuition will be free and the  
only requisite is a fair English education  
and an age of 16 years. The work will  
be by lecture, recitation and laboratory  
exercise in plant growth; soils, their  
structure and composition; fertilizers  
and their values; corn and wheat grown,  
plant breeding, grass, soil improvement;  
leguminous plants, fruit growing, prun-  
ing, grafting, spraying, poultry keep-  
ing, management of incubators, judging  
of dairy and beef cattle by the use of the  
score card, testing milk and cream for  
butterfat and acidity and balanced rations  
for all kinds of animals. The course  
will begin January 24 and close  
February 25. Any one of the topics  
will be more than worth the cost of the  
course to any who expect to practice  
farming during the coming year. For  
particulars address  
H. F. BUTTON, Director.

The January number of the Southern  
Planter has been received from its pub-  
lishers in Richmond. Among its con-  
tents are articles on, Great crop crops  
of the south and how they were pro-  
duced; clover as a renovator of land,  
crop rotation, notes from Tidewater Vir-  
ginia, wintering horses, wheat fertiliza-  
tion, lime on Tidewater Virginia lands,  
spraying for San Jose scale, renewing an  
orchard, stables for stock, hog feeding,  
the Remington creamery, ashes for large  
poultry notes. Miscellaneous—What  
Virginia needs to induce settlers, and the  
immigration question.

### COMMUNICATED.

#### LEE'S STATUE AND THE G. A. R.

It seems that some of the Army Posts  
of the G. A. R. are opposed to the plac-  
ing of General R. E. Lee's statue in  
Statuary Hall, with the usual honors.  
It is a matter of history that the citizens  
of Corinth on one occasion sent word to  
Scipio Africanus, the great Roman com-  
mander, that they proposed to place his  
statue in their "Temple of Fame" with  
the statues of other commanders. Scipio  
said in reply, "that he did not like such  
comrades." Now that is my feeling, as a  
Virginian, as it regards placing the  
statue of General Lee in Statuary Hall."  
where there are so many statues of ob-  
scure men and which may be regarded  
as a "Fond attempt to give a deathless  
lot to names ignoble born to be forgot."

Now, as the members of Lee Camp, will  
meet on the 19th instant to honor Gen.  
Lee's birthday, permit me to suggest  
that they frame a petition to the legis-  
lature now in session, requesting them  
to have Lee's statue removed at once  
from "Statuary Hall" and placed upon a  
pedestal in the city of Alexandria,  
where it will be duly honored by all the  
citizens, many of whom, now living had  
the honor of his acquaintance. Gen.  
Lee began his education at an academy  
in Alexandria on Washington street.
